I.RELEVANT EXPERIENCES

As the Provincial Executive Secretary of the National Multisectoral AIDS Control Program (PNMLS), and thanks to my experience, I have a good knowledge of the national health system:

1. Management,
2. Work with donors,
3. Coordination of partners,
4. Experience with international organizations, training experience.
5. Community experience Indeed,

I worked successively as an attending physician, hospital director and chief physician for ten (10) years (1990-1998), as a District Epidemiologist with the World Health Organization, WHO; as a Coordinator of the National Adolescent Health Program (PNSA) for six (6) years, from 2008 to 2013;

I have worked with United Nations agencies and several partner NGOs and ASBLs such as PROVIC, SANRU, USAID, UNICEF, the World Bank, the Global Fund.

Since 2016 I am the focal person in the Border Wellness Sites in the SADC Region for the DRC, HAUT KATANGA PROVINCE

I m a Provincial trainer in several themes including Training of young people and adolescents on several themes related to the sexual and reproductive health of adolescents and young people within the framework of the UNICEF .

I have worked for skills building and knowledge transfer for young people and adolescents in particular;

I am a member of the Provincial Coaching Team for quality assurance of care in the area of nutritional support for people living with HIV

In addition to the long and rich experience in the field, the Leadership Developing Program (LDP) training allowed me to acquire strong capacities to work both independently and within a team, to effectively manage several activities by prioritizing them according to their importance, relevance and deadline.
